

## BILL PRENTICE QUALIFICATIONS

I have been involved with the Wine Society for five years now. I have poured at the OC Fair for the past five summers, joined by my wife for the past three years. I have also assisted with setting up one of the barbeques, sold raffle tickets at the Wine Extraordinaire, and helped with data entry for the wine competition. Each experience has left me impressed with the operation of the Wine Society. I now want to assist with planning and executing Wine Society events.

I have worked as a registered nurse for the last 38 years. I have worked on committees to plan professional education programs and to draft legislation pertaining to the nursing profession. I currently have contracts with several Regional Centers to provide nursing assessment for individuals who are mentally retarded and to provide training for their caregivers. I am also employed as a case manager at Saddleback Medical Center and as Director of Case Management at Anaheim General Hospital. I served 4 ½ years in the Army Nurse Corps on active duty and 25 years as a nurse corps officer in the US Army reserve. I am currently retired from the army with the rank of Lieutenant Colonel.

All these experience have prepared me to work with people and groups toward a common goal. I want to bring these skills to the Board of Directors of the Orange County Wine Society.

Sincerely

Bill Prentice
